dolce dormire

The fixed slat bedspring Allumina with iron structure combines the practicality of the more sophisticated systems to a strictly essential structure that ensures the natural support of the body.

METAL BEDSPRINGS: SLAT BEDSPRING ALLUMINA

The fixed slat bedspring Allumina with iron structure combines the practicality of the more sophisticated systems to a strictly essential structure that ensures the natural support of the body.

It has a shaped profile (50 x 30) and it is painted with epoxy powder of high strength. The bedspring is made up of 14 slats in beech wood (6.5 x 0.8 cm; 29/16in x 01/32in) with screw feet.

The double version has a central reinforcing bar that ensures a perfect durability of the bed.

Achievable measures:

Width of cm: 80/85/90/95/100 - 120/140 - 160/165/170

Width of in: 31¹/₂in /33¹⁵/₃₂in /35⁷/₁₆in/ 37¹³/₃₂in/ 39³/₈in - 47¹/₄in/ 55¹/₈in - 62⁶³/₆₄in/ 64⁶¹/₆₄in/ 66⁵⁹/₆₄in

Length of cm: 190/195/200

Length of in: 74⁵¹/₆₄in/ 76⁴⁹/₆₄in/ 78⁴⁷/₆₄in
